

About Us

The Southwest Emergency Preparedness Team (SWEPT) is based in Southwest Minnesota. Our organization represents 23 hospitals, 43 primary care clinics, 51 LTC, 103 EMS groups and two tribal governments in our 16-county region. Regional partners also include State and local representatives from Public Health, Homeland Security and Emergency Management, the Minnesota Department of Health, and the Emergency Medical Services Regulatory Board. We all work together toward enhancing our response to local, regional, Statewide, and National emergencies.
